**6.1 Membership Status**

- 6.1.1 Since the last meeting the summary of the application for membership from the Directorate of Accreditation (DA) of Albania had been approved by the Executive for circulation to IAF members for ballot. This had subsequently been passed and the new membership process finalised.
- 6.1.2 The membership application from ANSI had not been received until late June. The application would be reviewed and a summary prepared for consideration by the Executive as soon as possible.
- 6.1.3 Due to non-payment of their 2008 membership fees, NAA (North Korea) had been suspended from IAF membership on 2 May 2008. AIOICI (Italy) had resigned from IAF membership in March and had not paid their membership fees for 2008.
